Tikigaq Federal Services (TFS) Project Profile

TFS is a newly established 8(a) company with developing past performance. TFS is in a unique position to utilize key personnel from sister companies who have extensive experience under similar work scopes and complexities as commonly required deliverables within construction, operations, maintenance, and facilities support services contracts. Projects ranged in size from \$40K to more than \$20M and included the contiguous United States, Alaska, and Guam. Company-wide rigorous policies and procedures (PPs) are embedded into our standard practices to ensure all personnel are properly licensed for their requisite positions. These PP's also include safeguards that project specific monitors and compliance checks for safety, quality control, and contract compliance are in place.

Operations, Maintenance, and Facilities Support Services Projects:

- National Radar Testing Facility Maintenance – Tikigaq, provides grounds, landscaping, utilities, environmental, operations and maintenance, vehicle & equipment maintenance, waste management, general & specialized building maintenance, custodial services for the United States Air Force via subcontract to Reliance Test & Technology
- Caretaker Support Services at Fort McPherson and Fort Gillem, Atlanta, Georgia for the Mission & Installation Contracting Command, Fort Sam Houston Center (MICC-FSH), Fort Sam Houston, TX. Scopes of work included performing recurring operational work; maintaining, repairing and providing cyclic and preventive maintenance on facilities, systems, and equipment; performing service call work for all facilities, systems, and equipment (backflow prevention program plan, wastewater and stormwater collections and wastewater treatment system, natural gas distribution system, storm drainage system, oil and hazardous materials spills, electrical distribution system, elevator maintenance, grounds maintenance, snow and ice removal, pest control, and housekeeping services. When the government decided to close these bases in 2015, Tyler Perry purchased Fort McPherson and converted it into his recording studios.
- Tyler Perry Studios Facilities Maintenance – The studio, Former Fort McPherson, is situated on 330 acres and is the only major film studio in the nation owned by an African American. Tyler Perry hired Tikigaq to continue the services we provided under the original contract. TFS, provided housekeeping services, waste management, boiler/chiller operations, HVAC operations, energy management, power generation equipment maintenance, electrical, mechanical system maintenance, grounds, warehouse/shop maintenance, logistics support, and security guard services.
- Stratford Army Engine Plant Facilities Maintenance – Tikigaq, provided grounds, landscaping, storm water, janitorial, security guard services, pest control, waste management, boiler/chiller O&M, HVAC, electrical, UPS system O&M, environmental, and mechanical support.

Construction and Supplemental Services Projects:

- WMA Design & Permitting for Gates and Boundaries at Stennis Space Center, MS
- Construct Truck Offload Facility, AAFB Guam (TFS APTIM JV)
- Lead Removal Range Bay 2, Camp Keller Woolmarket, MS
- Repair Roof Drainage at Fort Wainwright, AK

Partnering Opportunities

We believe that SBA Certified 8(a) and small and small disadvantaged businesses, like ourselves, including other socio-economic firms in collaborating with large and other small businesses promotes innovation while creating job growth and sustaining or country's economy. That partnering also further improves awareness and expertise to assist supporting customers and their objectives for reaching their goals.

ANC 8(a) Contracting Advantages

Sole Source: ANC 8(a)'s may be sole-sourced Federal contracts of any size. Unlike non-tribally owned 8(a)'s, we are not subject to the \$7M competitive threshold for contracts assigned manufacturing NAICS codes or the \$4M competitive threshold for all other types of contracts per 13 CFR 124.506(b).

8(a) Eligibility: The eligibility of an 8(a) participant for a sole source or competitive 8(a) award cannot be protested per 13 C.F.R. 517(a).

5% Indian Incentive Program: DoD Contractors who offer subcontracts to ANC firms receive a rebate of 5% of the total value of the subcontract as an incentive per Section 504 of the Indian Financing Act of 1974 (25 U.S.C. § 1544).

Size Protest: Sole source awards made to 8(a) firms cannot be protested per 13 C.F.R. 124.517(b).

Past Performance: As an ANC 8(a), TFS may claim the past performance of its teaming partners and key management personnel during the evaluation period of an award per FAR 15.305(a)(2)(iii).

As a sole-source 8(a) ANC provider, Tikigaq Federal Services offers faster delivery times and best value. These special advantages result in a streamlined responsive contract management process.

A Preferred Integrated Facilities and Construction Services Provider... Where Health and Safety Come First!
